MoviPrep - Split Dose

Please follow the prep described below.

Consume only clear liquids the entire day before your procedure.

--Example of clear liquids include coffee (**no creamer**), tea, carbonated beverages, apple juice, broth, jello (**no red or purple**)

No seeds, corn, popcorn or nuts 2 (two) days prior to procedure.

Take MoviPrep as instructed below:

- First dose at **5PM** (day before your procedure)
- Second dose **5AM** (day of your procedure).
- Do not drink anything after final prep dose at **5AM**, you may take heart, blood pressure, seizure or thyroid medications with a sip of water.
- Bring a driver with you the day of the procedure to take you home.

If you have questions on the above prep, need to reschedule or any concerns; please do not hesitate to call the office at (605) 217-5517.
